Audit - Connections, Transfers & Travel Documents - September 2026

This document lists every flight, ship, hire-car and transfer connection across the whole trip (10-29 September 2026), in order, with its current booking status (Sections 1-7). Section 8 cross-checks the website against the official Infinity Holidays / Envoyage Travel Documents issued 19 Aug 2026, and lists every variation found. Anywhere a connection or detail needs action is called out clearly - see the summary on the last page.

Summary: items that still need action

These are flagged in red above – a booking, confirmation or correction is needed:

- Rome → Civitavecchia transfer (Mon 14 Sep): pickup time still not confirmed by the cruise line/agent.
- Meliá White House → Heathrow transfer (Sun 27 Sep): no transfer mode confirmed for the 7:00pm hotel departure.
- Fiumicino → Republic Hotel transfer (Fri 11 Sep): arranged in principle but no booking reference is on file to confirm it.

Worth a closer look (flagged in amber above) – nothing critical, but tight or worth double-checking:

- Sydney layover on the way out (Thu 10 Sep, ~7 hrs): RESEARCHED – you can leave the airport. NZ passport holders get a Special Category (subclass 444) visa automatically on arrival, and 7 hrs comfortably clears the ~5 hr minimum needed to get into the city and back (allow ~45 min immigration, ~60 min security).
- Singapore connection on the way out (Thu 10 Sep, ~2 hrs): changes airline from Qantas to British Airways – confirm baggage is checked through to Rome.
- Heathrow connection on the way out (Fri 11 Sep, ~1 hr 25 min / 85 min): a tight turnaround after a 13+ hour flight. BA's minimum connection time at T5 is 75 minutes, so this clears it – but only by about 10 minutes, with no margin for a late arrival.
- Singapore turnaround on the way home (Mon 28 Sep, ~1 hr 40 min, BA15): RESEARCHED – everyone must deplane at Changi with carry-on items (no staying onboard), and must re-clear security before the Sydney sector (security is at the gate). No passport control needed on a through-checked single ticket. Queues can be long as the whole aircraft transits together.
- Thu 24 Sep evening (Milan→London day): with the corrected BA575/transfer timing, hotel arrival is now ~6:00pm – only ~30 min before the 6:30pm Lighterman booking. "Tapas & Gin for Deb" likely won't fit; decide whether to skip it or move the dinner booking.
- UK ETA, passport validity and IDP: all have checklists on the website, but this document can't see whether every box is ticked – worth a final look before departure.

Everything else - all flights, the cruise booking, the hire car, the Sydney/Wellington domestic connections, and every hotel's address/phone/dates - is booked and confirmed, and matches the official Travel Documents (see Flight Summary, Hotel Directory and Travel Documents on the website for the full reference numbers).
